GAME DESCRIPTIONS

Salmon Run

Salmon Run is a game of strategy and daring. The objective is to get from the ocean to the spawning area while performing as many obstacles as possible on the way without ever stopping, going back to correct a missed obstacle, or without allowing the dog to ever cross over his own path. One point is earned for each obstacle performed. Scored Points Then Time.

Cha Cha

Snooker is a two-part game. Each part is played and scored on a different basis. The first part is dog's-choice in which the dog earns the right to score three "colored" obstacles (have points assigned to them) by doing a red hurdle before each. The second part is a simple numbered sequence. Snooker is scored Points, Then Time..

Quidditch

Quidditch is a simple game of handling skill. The handler must direct the dog to perform several sequences of escalating value and attempt the simple performance of a tire after each. The game is full of interesting bonuses and colorful phraseology. Quidditch is scored Points, then Time.

Wild West Pinball

Wild West Pinball is a dog's choice point accumulation game. A number of obstacles are set aside on the course with extraordinary value. The handler is obligated to direct his dog to score and pick up as many of those high value obstacles as possible. Wild West Pinball is scored Points, then Time.

Tunnel Crossover

The Tunnel-Crossover game is a follow-the-numbers game with a touch of distance work. Four tunnels creating a crossover effect create a zone through which the handler is not allowed to move. Consequently, the handler must work the course from outside the crossover arrangement. The Sunday Variation has only tunnels. The Tunnel-Crossover Game is scored Time only.

Additional information on the games can be found in: *Houston's Book of Agility Games*, 4th Edition by Bud Houston.

CLASS INFORMATION

Standard Agility Classes

Beginner All dogs shall be eligible for participation in this class.

Intermediate Only dogs that have earned the Teacup Beginner Agile Dog (TBAD) shall be eligible for participation in this class.

Superior Only dogs that have earned the Teacup Intermediate Agile Dog (TIAD) shall be eligible for participation in this class.

Games Classes

Games I All dogs shall be eligible for participation in this class.

Games II Only dogs that have earned the Games I (TG1) shall be eligible for participation in this class.

Games III Only dogs that have earned the Games II (TG2) shall be eligible for participation in this class.

FEO (FOR EXHIBITION ONLY)

TDAA offers FEO runs open to any TDAA registered dog in any class; these are offered at the option of the host club. FEO allows new exhibitors/dogs an opportunity to get in the ring. FEO also allows handlers to try something different in their handling. Dogs may run on lead. FEO runs do not count toward TDAA titles. No treats or toys allowed. FEO will have a maximum time of 1.5 of the SCT. FEO cannot repeat any obstacles for training purposes. No training in the ring.

FAST TRACK MOVE-UPS

Titles may be grandfathered from other organizations on a "Fast Track" basis. A dog with a higher title from another organization may move up on the same day to the next level of TDAA competition with a qualifying score. It is possible to move up from Beginner to Superior on the same day if the dog qualifies first in Beginner and again in Intermediate. Likewise, a dog may move up from Games I to Games III by qualifying at each of the lower two levels. A qualifying score in the lower class is required to move up to the next higher class. **You must submit a copy of title certificates for the dog.** Please mark each that apply and submit \$8.00 with your entry with the FAST TRACK portion completed. Payment of the \$8.00 is not a guarantee that your dog will qualify at the lower level and is non-refundable. This fee must be paid for this trial even if a Fast Track fee has been paid in the past.

HEIGHT DIVISIONS

Owners are responsible for entering the proper height division. Judges reserve the right to measure dogs entered at any trial. At the handler's option, dogs may be entered in a different height division than measured. Dogs that run in a height division higher than their measured division will be scored in the higher jump height division (ex: if your dog is measured into the 12" division and you jump 16" at a TDAA trial you will be competing with 16" dogs for placements). Dogs that run in a height division lower than their measured division will be scored with dogs of their measured height. Special provisions for Jump Height Exemptions that are based on a dog's structure are explained in detail at <http://www.k9tdaa.com>.

TDAA height divisions are:

Dog's Measurement at the withers	Regular	Veterans	With Jump Height Exemption	Veterans plus jump Height Exemption
4" and under	2"	2"	2"	2"
4.01" to 8"	4"	2"	2"	2"
8.01" to 12"	8"	4"	4"	2"
12.01" to 16"	12"	8"	8"	4"
16.01 to 20"	16"	12"	12"	8"

Please consult your jump height card/email to confirm the correct measured height to enter.

If you do not have a TDAA height card/email your dog must be measured at this trial.

Please consult with the TDAA Rules and Regulations for information on Jump Heights, Exemptions, and Course Times.

VOLUNTEER SIGN UP

Volunteers are the backbone of any agility trial. By its very nature, TDAA is small. Small dogs, small equipment, and small trials. We need all hands to make a trial work. Please volunteer to work during classes you are not running and even classes you are running. We will make sure you get adequate time to warm up your dog and do your walk-through. We want everyone to have a pleasant experience running in TDAA while at the same time helping to make the trial run smoothly. Feel free to bring others who may volunteer to help. Cannot move equipment? No problem! There are other agility jobs and ways you can assist.
